To help prevent the spread of COVID-19, all members of the UCSF community, including employees of UCSF Benioff Children's Hospital Oakland, are required to obtain the latest monovalent COVID-19 vaccine. Read more about [COVID-19 Vaccine Information](#).

The U.S. Centers for Disease Control and Prevention (CDC) recommends that everyone eligible receive the monovalent COVID-19 vaccine. The World Health Organization has stated that the monovalent vaccine is effective against the JN.1 variant, which continues to rise in prevalence. Read more on the [CDC Immunization and Respiratory Disease Bulletin](#). CDC-approved COVID-19 vaccines remain the best public health measure to protect people from the virus, slow transmission, and reduce the likelihood of variants emerging.
