

**REQUEST FOR QUALIFICATIONS:
Architectural/Engineering
PRO-000224**

**Parnassus Ambulatory Care Center (ACC) B1 Physician-Owned Surgery Center (POSC) Scope
Reprocessing Center**

The University of California San Francisco (UCSF) Real Estate is seeking responses to this Request for Qualifications (RFQ) for Architectural/Engineering (A/E) Services related to the Parnassus Ambulatory Care Center (ACC) B1 POSC Scope Reprocessing Center project. The total project area is approximately 800 square feet (sq ft), located in Level B1 of the Ambulatory Care Center (ACC) building at 400 Parnassus Avenue, San Francisco, California, directly adjacent to the Endoscopy Operating Room (OR) area.

Endoscopy has relocated to the former Surgery Center and does not have an onsite location to process their scopes after procedures. The project includes relocating the processing center to the new clinic location at ACC. The plan is to construct a modern, state-of-the-art, scope reprocessing center to accommodate all current outpatient Gastrointestinal (GI) Endoscopy activity at Parnassus, plus a significant increase made possible by the clinic relocation.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Candidate Firm will be required to show evidence of its equal employment opportunity policy.

A complete RFQ package can be obtained from the issuing office through the online bidding system, BuildingConnected, after registering as a new supplier and completing the registration form through the following link: <https://app.buildingconnected.com/public/654ab4b90da0a10035053c78>

Please contact Alison Kang at Alison.Kang@ucsf.edu if you need further information or clarification of the RFQ process.

Responses to the RFQ are due by 2:00 p.m., Thursday, November 13, 2025.
