REQUEST FOR QUALIFICATIONS for Engineering Design Services

The University of California, San Francisco (UCSF) – Facility Services is requesting written responses to this Qualification Packet from qualified firms to provide professional consulting services for the PRJ-000670 PH ICDC P6 REPLACE CHW LINES project. The successful firm shall provide engineering services.

The purpose of this project is that UCSF intends to replace the existing 75 HP condenser water pump with a new 75 HP pump that has been previously purchased and is currently in stock with UCSF Facilities. As part of the project, UCSF also intends to install a second, new 75 HP condenser water pump to provide future system redundancy and allow for an alternate duty/standby pump arrangement.

The license type is: Engineering

The RFQ Packet is available on September 21, 2026.

Firms can obtain the RFQ Packet by completing the registration form on BuildingConnected at <https://app.buildingconnected.com/public/654ab4b90da0a10035053c78>

Final selection and appointment is contingent upon funding and budget approval. Every effort will be made to ensure that all persons, regardless of race, religion, sex, color, ethnicity and national origin have equal access to contracts and other business opportunities with the University. Each candidate firm will be required to show evidence of its equal employment opportunity policy.

For technical inquiries not covered by this Qualification process, please submit your inquiry using BuildingConnected.

Responses MUST be received no later than **Tuesday, October 6, 2026 at 2:00 PM** in order to be considered.
