GENERAL DESCRIPTION OF WORK:

Remediation of 235,000 sq. ft of laboratory and office spaces.

TECHNICAL DESCRIPTION OF WORK:

The buildings that have and will continue to be vacated are Buildings 1, 3, 9, 10, 20, 30, 40, 80, 90, 100. The work is not expected to be conducted under OSHPD/HCAI requirements. The awarded contractor will provide construction

services to return designated spaces to an “office-like” shell. Primary work is to remove furniture, fixtures, and equipment for offsite disposal and/or delivery to UCSF Logistics Warehouse, and remove all components of existing wet and dry lab spaces, although leaving floors, ceiling and walls intact and repair or replace where necessary. Some equipment fixed to the buildings via various struts, couplings, anchor bolts, and will need to be detached and removed. The balance of the work will involve varying degrees of tenant finish/improvement including patching and painting walls and window frames to match existing, repair/replace ceiling tile & grid and replacing flooring in kind. Work also includes removal of any remaining laboratory equipment that is secured to infrastructure, demolition of laboratory casework and cutting and capping of all lab utilities and systems. Significant pieces of equipment to be removed (and disposed of) that are connected to infrastructure to remain include walk-in cold rooms (expected 5), autoclaves (expected less than 10) and fume hoods (expected ~20). Asbestos discovery and testing and following proper abatement procedures may be required. Asbestos may be encountered where lab benches are removed (or at removal location of significant equipment) disturbing flooring and ceiling as well as other areas. Cut and cap of rooftop equipment such as fans servicing lab equipment is expected. This may involve roof repair or patching.

BID PROCEDURES:

The University will receive bids directly and **ONLY** from prequalified Contractors. Prequalified Contractors will be issued a complete set of bidding documents. Prospective bidders desiring to be prequalified are informed that they will be subject to and must fully comply with all the bid conditions including 100% Payment and Performance Bond.

UCSF embraces an environment of diverse clientele, faculty, staff, students, researchers, practitioners, and professional support services. The University believes a workforce of differing backgrounds, professional and life experiences and perspectives offers superior innovative, critically analyzed, and complete solutions to our unique business challenges. We are interested in organizations and proposed team members that respect and support the UCSF diversity mission: "We're committed to building a broadly diverse community, nurturing a culture that is welcoming and supportive, and engaging diverse ideas for the provision of culturally competent education, discovery, and patient care." <http://diversity.ucsf.edu>

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Bidder may be required to show evidence of its equal employment opportunity policy. The successful Bidder and its subcontractors will be required to follow the nondiscrimination requirements set forth in the Bidding Documents and to pay prevailing wage at the location of work.

The work described in the contract is a public work subject to section 1771 of the California Labor Code.

No contractor or subcontractor, regardless of tier, may be listed on a Bid for, or engage in the performance of any portion of this project unless register with Department of Industrial Relations pursuant to Labor Code section 1725.5 and 1771.1.

This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations (DIR).

Register with DIR at <http://www.dir.ca.gov/Public-Works/PublicWorks.html>.
