REQUEST FOR QUALIFICATIONS for Engineering and Storm Impact Design Mitigation Study

The University of California, San Francisco (UCSF) – Facilities Services is requesting written responses to this Qualification Packet from qualified firms to provide professional consulting services for the FIN - PHTS Campus Wide Mt. Sutro Storm Study (C2289180) project. The successful firm shall provide a Reserve Study for the mitigation of storm impact services.

The purpose of the project is to address runoff issue in a manner which minimizes the discharge burden to the SFPUC combined storm/sewer system and addresses the stability of the land surrounding Medical Center Way, and minimizes road closures due to landslides.

The license type is: Engineering.

The RFQ Packet is available on May 15, 2024.

Firms can obtain the RFQ Packet by completing the registration form on BuildingConnected at <https://app.buildingconnected.com/public/654ab4b90da0a10035053c78>

Final selection and appointment is contingent upon funding and budget approval. Every effort will be made to ensure that all persons, regardless of race, religion, sex, color, ethnicity and national origin have equal access to contracts and other business opportunities with the University. Each candidate firm will be required to show evidence of its equal employment opportunity policy.

For technical inquiries not covered by this Qualification process, please submit your inquiry using BuildingConnected.

Responses MUST be received no later than **May 29, 2024 at 12:00 pm** in order to be considered.
