Request for Proposals - Moffitt/Long Hospital 3 North M348D MRI Upgrade

Description

The UCSF Medical Center Imaging Department is replacing one of two MRIs on the 3rd floor of Moffitt Hospital. Scope of work is limited to only MRI 348D as shown in the Bidding Drawings dated January 21, 2022. During the course of the work, the adjacent MRI room must remain operational at all times as the MRI suite is operational 24/7. Scope of work includes upgrades to finishes, lighting, casework and plumbing as shown in the scoping documents. Due to operational hours, some work will need to be performed off hours as necessary. GE has been contracted to provide a new Signa PremierXT L18 package including all equipment and components, however the existing GE magnet will remain. The project consists of approximately 3,286 SF of tenant improvement space only.

The following design builders have been prequalified to submit proposals on this project:

- Cameron Builders, Inc.
- Colin Construction Company, Inc.
- TCB Builders, Inc.

Location San Francisco, CA **Bids Due** 8/17/2022 at 2:00 PM PDT **Files** 76 files available

Interested in bidding?

Use the buttons on the right to join RFPs which will allow you to view more information, download files and receive future messages.
